Food Prep Table: Solid Door Pizza Prep Table with Alternate Top & Hydrocarbon Refrigerant

STANDARD FEATURES

DESIGN

• True's commitment to using the highest quality materials and oversized refrigeration systems provides the user with colder product temperatures, lower utility costs, exceptional food safety and the best value in today's food service marketplace.

REFRIGERATION SYSTEM

- Factory engineered, self-contained, capillary tube system using environmentally friendly R290 hydrocarbon refrigerant that has zero (0) ozone depletion potential (ODP), & three (3) global warming potential (GWP).
- High capacity, factory balanced refrigeration system with guided airflow to provide uniform temperature in food pan rail and cabinet interior.
- Forced-air design holds 33°F to 41°F (.5°C to 5°C) product temperature in food pans and cabinet interior. Complies with ANSI/NSF-7.
- Condensing unit accessed from behind front removable panel, slides out for easy maintenance.

CABINET CONSTRUCTION

- All stainless steel front, top and ends. Corrosion resistant GalFan coated steel back.
- Stainless steel, patented, foam insulated flat lids keep pan temperatures colder, lock in freshness, and minimize condensation.
- Interior attractive, NSF approved, clear coated aluminum liner. Stainless steel floor with coved corners.
- Insulation entire cabinet structure and solid doors are foamed-in-place using a high density, polyurethane insulation that has zero ozone depletion potential (ODP) and zero global warming potential (GWP).
- 5" (127 mm) diameter stem castors. 36" (915 mm) work surface height.

warranty on compressor. (U.S.A. only)

DOOR

- Stainless steel exterior with clear aluminum liner to match cabinet interior.
- Door fitted with 12" (305 mm) long recessed handle that is foamed-in-place with a sheet metal interlock to ensure permanent attachment.
- Positive seal door swings within cabinet dimensions.
- Magnetic door gasket of one piece construction, removable without tools for ease of cleaning.

SHELVING

- Two (2) adjustable, heavy duty PVC coated wire shelves 25"L x 27 ¾ "D (635 mm x 705 mm). Four (4) chrome plated shelf clips included per shelf.
- Shelf support pilasters made of same material as cabinet interior; shelves are adjustable on 1/2" (13 mm) increments.

MODEL FEATURES

- Evaporator is epoxy coated to eliminate the potential of corrosion.
- Extra-deep 191/2" (496 mm), full length removable cutting board included. Sanitary, high-density, NSF approved white polyethylene provides tough preparation surface.
- Alternate top 13° pan angle. Stainless steel, patented, foam insulated lids keep pan temperatures colder, lock in freshness, and minimize condensation.
- Refrigerated pan rail comes standard with six (1/3 size) 12 3/4 "L x 6 1/4 "W x 6"D (324 mm x 159 mm x 153 mm) NSF approved clear polycarbonate insert pans.
- Front discharge design.
- NSF/ANSI Standard 7 compliant for open food product.

ELECTRICAL

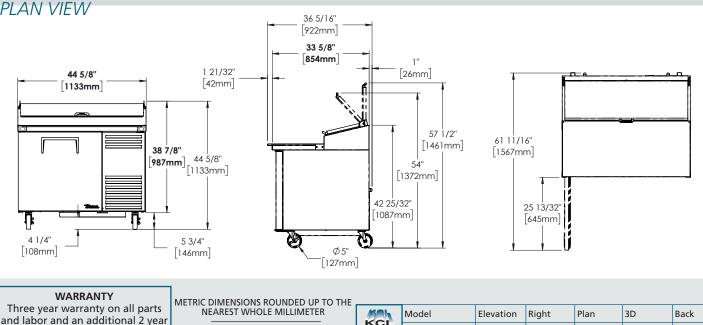

Unit completely pre-wired at factory and ready for final connection to a 115/60/1 phase, 15 amp dedicated outlet. Cord and plug set included.

OPTIONAL FEATURES/ACCESSORIES

Upcharge and lead times may apply.

- 230 240V / 50 Hz.
- G" (153 mm) standard legs.
- □ 6" (153 mm) seismic/flanged legs.
- □ 4" (102 mm) diameter castors.
- □ 3" (85 mm) diameter castors.
- 2½" (64 mm) diameter castors.
- Barrel locks (factory installed). Requires one per door.
- Garnish rack.
- □ Single overshelf.
- Double overshelf.
- □ Half bun tray rack. Holds up to eleven 18"L x 26"D (458 mm x 661 mm) sheet pans (sold separately).
- 19½" (496 mm) deep, ½" (13 mm) thick, composite cutting board.
- □ Half bun tray rack. Holds up to eleven 18"L x 26"D (458 mm x 661 mm) sheet pans (sold separately).
- Exterior round digital temperature display (factory installed).
